

### SECTION 3 - ILLUSTRATIONS

No change.

### SECTION 4 - LIFE LIMITS (LL)/DEMONSTRATED FATIGUE LIVES (DF)

The limitation table has been updated in order to split the applicability of the column for the A350-9xx between “WV00x, WV011, 012, 014 & 015” and “Other WV01x”.

REV CODE	ITEMS	VARIATION NUMBER (when applicable)	CHANGE DESCRIPTION
R	55-3565163-00	3.5 <sup>(*)</sup>	New limitations added for WV010 and WV013.

(\*) The changes introduced for the WV013 have not been published yet and are thus directly introduced in Revision 04. These changes are identical to those introduced by WV010 through Variation 3.5. Consequently, although the changes associated to WV013 were not published via Variation 3.5, they can be found in the above table together with the changes introduced by WV010 and previously published via Variation 3.5.

Notes (2) and (3) have been added at the end of the table.

#### APPENDIX A - ABBREVIATIONS

The following abbreviations have been added: A/C, Inbd, Outbd

#### APPENDIX B - TERMS AND DEFINITIONS

No change.

#### APPENDIX C – WEIGHT VARIANTS INSTALLATIONS

The following Weight Variants have been added:

A350-900 series installations:

WV010: Aircraft POST MOD 110113

WV013: Aircraft POST MOD 110112

A350-1000 series installations:

WV002: Aircraft POST MOD 110134
